

## **OFFICIAL OPENING OF HEFSIBA**

The official opening (Abertura Solene) of HEFSIBA took place on 15 January. I have been afforded the opportunity to serve the Word in front of all the students and guests. I have among other things pleaded for honest leadership.

The full time Secretary of the Frelimo Party spoke after me and recognised that there is a lot of corruption in Mozambique and requested HEFSIBA to continue with the delivery of leaders that will eliminate corruption.

And he is also now a student at HEFSIBA. The representative of the Municipality, the mayor, Chairman of the Municipal Board and other respected people (e.g. Prison Head, Head of the Police and other Head's of Schools) are all students at HEFSIBA, studying Part-Time Honours degree in Psychology.

Please pray for the unique opportunity that we got. Please pray for all our students for wisdom and tact but also for courage and boldness.

## **20 NEW COMPUTERS**

Eduard and Vossie from Crossroads Ministries, Potchefstroom, have arrived with 20 computers for HEFSIBA's new English Language laboratory. They arrived here without any problems and came through the border posts without any issues. Financial assistance for the implementation and finalisation of the Language laboratory will not be turned away.

## **PHOTOCOPIES FOR AFRICA**

Our new photocopier and the repaired photocopier (paid for by Reformed Church Centurion), work overtime to copy the books and guides for the 100+ students. For the first time, students get all their books for the semester during registration.

The price of the new Canon photocopier was R17500 and the management committee declared it as a project. Any contributions will be welcome.

## **HONOURS DEGREE**

3 of our lecturers will receive their Honours degrees on 8 March at the North-West University. They are Rev. Miguel Nobre, Rev. Timóteo Fabião Maseko and the temporary lecturer, Lukas Gabriel. Miguel and Timóteo are going to Potch to receive their degrees. They both want to register for their masters' degree and we are very proud of our lecturers for working very hard and with integrity.

Please pray for the 3 lecturers and their studies. Also for Manasse Matiquele, our principal, that would like to continue his doctoral studies at NWU but can't get an opening.

## **SAQA**

Please pray for the process that we have started to get recognition at SAQA as a tertiary institution.

**WATER SITUATION**

A South-African bore man arrived here this week. He wants to bore a hole on Saturday to improve our water situation. We also see God's hand in this. CAM (Committee for Administration of Missionaries) is paying for this. Please pray that water will be found.

We also ordered a water pump from Maputo. Please pray that it will arrive on Thursday as the electrician that must install it is only here until Friday.
